LED ROPE LIGHT

VISION

LIGHTING

LEDs are solid-state semiconductor devices that generate light when a semiconductor crystal is excited, producing visible light in a specific color range. These LEDs are typically compact, with dimensions ranging from 3 to 5mm, and are available in various shapes.

The emitted light's color is determined by the chemical composition of the excited material. LEDs are offered in a wide array of colors, including red, yellow, blue, green, white, warm white, pink, purple, orange, gold, water blue, water green.

LEDs are highly energy-efficient, operating at low voltage (2V-3V) and low current (20mA). They surpass traditional materials in efficiency for colors like red, yellow, green, and blue, delivering impressive lumens per watt, comparable to fluorescent lamps. Additionally, LEDs emit significantly less heat, approximately half as much as tungsten-filament lamps.

In ideal conditions, such as the correct voltage, current, and environment, LEDs can maintain a lifespan of up to 100,000 hours. They are constructed from non-toxic materials, making them recyclable and exceptionally resilient when compared to traditional glass lamps.

A noteworthy advantage of LEDs is their minimal heat emission and absence of UV radiation, making them well-suited for illuminating objects sensitive to UV light, such as artwork.

2-WIRE LED ROPE LIGHT
2-wire rope light offers a luxurious and flexible lighting solution. The LED rope light tube is designed for easy cutting and installation.
Available colors: red, yellow, blue, green, white, warm white, pink, purple, orange, gold, water blue, water green

Number of wire: 2 wires
Number of LED/Meter: 36 pieces
Diameter: 10MM / 13MM
Shape: Round
Voltage Available: 240V, 120V, 24V, 12V

ITEM No.	VOLTAGE	SIZE (MM)	SPECIFICATION	M/CUT	BULB SPACE	LED COLOUR	W/M	LENGTH PER ROLL

CON-2

CON-3

Advantages:
1) Flexible and durable to be bent into any shape.
2) Applicable to be cut off on marked place and connectable with suited accessories.
3) High quality anti-aging PVC material.
4) For both indoor and outdoor use.

LED NEON FLEX LIGHT

Led neon flex light(led soft neon light),is a type of flexible linear decoration light. The owned patent in light mixture technology, with advantage in long life span led bulbs,energysaving,safetylow voltage,colorful choice,super bright,cool solid state light source,environmental;andanti-uv, easy bend flexible,non-toxic,pressure resistance ,high light transmission orexcellent frostedor with colorful pvc cover,convenient Installation,shock resistance,waterproof,dustproof and easy totransport etc.so It become the prior choice for decoration in many places.such as the surface ofbuildings,font edges,background lines and so on.

Product character
1. To bend,can be arbitrary fixed in the bump surface,small size,color is rich.
2. Article lamp are each one meter can be cut open a single use,the product specification:1m/unit,
50 meters/roll or 100 meters/roll, light for 30/60 light/m.
3. 220V power supply,installation is convenient,do not need to switch power,don’ t need wiring,a joint can connections 100m/50m.
4. Can replace the rainbow tube,more than two times the rainbow high brightness.
5. Waterproof level:IP65,indoor/outdoor all can use.
6. Material light source:SMD2835 or SMD5050,soft FPC circuit board,skin:soft PVC.
7. Product application:jewelry,star hotel,brand clothing,the upscale office,rich cultural relics exhibition hall,chain stores,brand business hall,professional window,counter such key lighting places.

LED CLIP LIGHT

Utility Patent: 201320849952.1

Appearance patent: 201330612025.3

VISION

LIGHTING

LED Clip Light is a popular commercial holiday decorative string light, specially designed for application on trees and structures where little visible trace is desired. LED Clip Light is low voltage, with single color or multi–color, LED based, energy saving product. LED Clip Light is a modern energy saving direct replacement to high energy consuming incandescent clip light. With different caps for completely waterproof IP65.

LED STRING LIGHT

VISION

LIGHTING

The LED string light is very popular decorative light, it is widely used on the tree, windows, staircases, furniture, shelves, flowers, buildings and so on, especially the rubber cable type can be applicable to outdoor IP65. It is connectable and can be extended to Max.10 sets.

Color of led: Red, Yellow, Green, White and multi-color
Color of cable: White, black, green, dark green, clear
LED Spec: 2V/20MA for Red, Yellow, Orange; 3V/30MA for blue, Green and White

Remark
1, The special requirement of length and bulbs are available.
2, The color box or plastic bag is available for the package.
3, Low voltage LED Christmas String light,
low voltage of 12V/120V to 24V/12V is safe to use,
the transformer of 230V/120V to 24V/12V will be needed.

LED RGB GRID SCREEN

1. Each LED functions as an individual pixel, enhancing clarity.
2. The mobile app simplifies control and do-it-yourself customization.
3. It can synchronize with music.
4. Lower voltage ensures greater safety.
5. The compact packaging allows for product folding, saving significant space.

LED ARTIFICIAL TREE LIGHT

LED cherry tree for the indoor and outdoor scenery of the entire landscape tree lighting lamps, widely used in urban lighting, night lighting, square, residential lighting and road construction site, the product has a long life, energy saving and environmental protection features, rich color, bright, highly favored by domestic and foreign customers.

LED HIGH WALL WASHER

Model: VS-HW-011
LED Color: R/G/B/W/Y
LED Emitting Angle: 15/30/45/60
Change in Program: Monochrome/Colorful
Rated Voltage: AC/DC24V/220V
Rated power: 36W
Protective Level: IP65
Specification: L1000XW58XH65mm

Model: VS-HW-012
LED Color: R/G/B/W/Y
LED Emitting Angle: 15/30/45/60
Change in Program: Monochrome/Colorful
Rated Voltage: AC/DC24V/220V
Rated Power: 36W
Protective Level: IP65
Specification: L1000XW90XH70mm

- Independent intellectual property rights, private mold design, beautiful appearance
- Professional optical design, uniform light mixing and high brightness
- Structure waterproof design, protection grade IP65
- Low thermal resistance heat dissipation design, aviation aluminum alloy lamp bar
- The lamps are designed to resist cold and weather, and can be applied to different outdoor environments
- Constant current scheme and intermediate outlet line design are adopted to reduce the voltage drop of lamps and lanterns, so that the display color consistency of lamps and lanterns is high
- Support DMX512 control system to realize intelligent dimming
- Outdoor lightning protection and electrostatic professional protection design

LED HIGH SPOT LIGHT

Model: VS-HS-011
Light Source Power: 30W
Input Voltage:AC85-265V
Light Body Material: Die-cast Aluminum
Light Flux: 3300LM
Viewing Angle: 15°/30°/45°/60°/120°
Operating Temperature: -40°C-50°C
Life:>50000H Protection Level: IP65
Color: R/G/B/W/Y
Size: L225xW185xH35mm

Model: VS-HS-012
Light Source Power: 30W
Input Voltage:AC85-265V
Light Body Material: Aluminum
Light Flux: 3300LM
Viewing Angle: 15°/30°/45°/60°
Operating Temperature: -40°C-50°C
Life:>50000H Protection Level: IP65
Color: R/G/B/W/Y
Size: L225xW185xH35mm

Model:VS-HS-013
Light Source Power: 3*1W
Input Voltage:AC85-265V
Light Body Material: Die-cast Aluminum
Light Flux: 330LM
Viewing Angle: 15°/30°/45°/60°/120°
Operating Temperature: -40°C-50°C
Life: >50000H Protection Level: IP66
Color: R/G/B/W/Y
Size: L85xW180mm

Model: VS-HS-014
Light Source Power: 6*1W
Input Voltage:AC85-265V
Light Body Material: Die-cast Aluminum
Light Flux: 660LM
Viewing Angle: 15°/30°/45°/60°
Operating Temperature: -40°C-50°C
Life:>50000H Protection Level: IP66
Color: R/G/B/W/Y
Size: L130xW200mm

Model: VS-HS-015
Light Source Power: 10*1W
Input Voltage:AC85-265V
Light Body Material: Die-cast Aluminum
Light Flux: 1100LM
Viewing Angle: 15°/30°/45°/60°
Operating Temperature: -40°C-50°C
Life: >50000H Protection Level: IP66
Color: R/G/B/W/Y
Size: L165xW200mm

Model: VS-HS-016
Light Source Power: 100W
Input Voltage:AC85-265V
Light Body Material: Die-cast Aluminum
Light Flux: 7700LM
Viewing Angle: 15°/30°/45°/60°/120°
Operating Temperature: -40°C-50°C
Life:>50000H Protection Level: IP66
Color: R/G/B/W/Y
Size: L180xW185xH86mm

Model: VS-HS-017
Light Source Power: 24*1W
Input Voltage:AC85-265V
Light Body Material: Die-cast Aluminum
Light Flux: 2640LM
Viewing Angle: 15°/30°/45°/60°
Operating Temperature: -40°C-50°C
Life: >50000H Protection Level: IP66
Color: R/G/B/W/Y
Size: L280xW220xH230mm

Model: VS-HS-018
Light Source Power: 36*1W
Input Voltage: AC85-265V
Light Body Material: Die-cast Aluminum
Light Flux: 3960LM
Viewing Angle: 15°/30/45°/60°
Operating Temperature: -40°C-50°C
Life:>50000H Protection Level: IP66
Color: R/G/B/W/Y
Size: L335xW210xH155mm

- Independent intellectual property rights, private design, beautiful appearance
- Professional optical design, uniform light mixing and long projection distance
- Waterproof design of the structure, with the protection level reaching IP66
- High corrosion-resistant die-cast aluminum shell, fully tempered ultra-white glass, with excellent heat dissipation and corrosion resistance
- The design of constant current scheme makes the display color consistency of lamps high
- Support DMX512 control system to realize intelligent dimming
- Outdoor lightning protection and electrostatic professional protection design
